A GRID AFFILIATE

TRIBAL GRANTMAKING

*Tribal Solar Accelerator Fund
through Tribal Energy Alternatives
A Native-led Affiliate of GRID Alternatives*

Overview

The TSAF Grant Program assists tribes plan, finance, and implement solar installations; strengthening workforce development; and enhancing long-term energy resilience despite the high upfront costs that often limit access to solar. Guided by a tribal-led team, TSAF's evolving action plan emphasizes grantmaking, storytelling, outreach, and relationship-building to meet community needs, while its grants focus on feasible, cost-effective renewable energy infrastructure that engages broad community participation.

Who We Serve

Federally recognized tribes, tribal governments and organizations, and tribal college/universities (TCU's).

Why It Matters:

Tribes know their needs best. We help bring those visions to life—with funding that keeps ownership on tribal lands.
