

Empowering Tribal Communities. Energizing the Future.

A Tribal-led affiliate of GRID Alternatives

About TEA:

In early 2025, the HQ National Tribal Program and the Tribal Solar Accelerator Fund joined forces to create the first Tribal-led GRID Alternatives affiliate office now known as Tribal Energy Alternatives Inc. TEA was created to accelerate tribal energy sovereignty across Indian Country through grant funding, workforce development, project construction, and policy advocacy. An affiliate office is a semi-independent branch of GRID, operating in alignment with the parent brand and mission while having its own and managing its local operations, fundraising, staffing, and community engagement. It blends the national organization's strength with the flexibility and insight of a community-based office.

Who We Serve:

Tribal governments, community organizations, students, jobseekers, and local leaders across the country.

How We Work:

We listen first. Our programs uplift existing Tribal visions. We don't sell services—we invest in sovereignty.

Our 5 Pillars:

- Grants & Financial Assistance
- Workforce Development & Education
- Construction
- Policy & Advocacy
- California Resources
